

“  
QUALITY CUSTOM-MADE  
SHADE TO PROTECT  
YOUR HOME OR BUSINESS  
FROM SUN & RAIN  
”

# ABOUT US

**We believe that an organization is built of two individuals, our supporters, and our dedicated team of professionals.**

Our primary objective is wholly dedicated to innovation and excellence. We aim for that extra mile to satisfy our clients in the best manner possible.

Asha Industries is the leading business, and we are wholly inclined to our partners, vendors and associates. We provide nothing but the best services all across the country.

# OUR PRODUCTS

## AWNINGS

Awnings are the most sought choice if you want your terrace and balcony to have a touch of coolness, overspread shades, and ultimate protection from UV rays. We have arms such as frame and foldable arms, telescopic, that can operate the awning manually through the gear box or Automatically.

### Retractable Awning

Are you looking for that unique look to your outdoors? Retractable awnings are the new way to style up your living experience and block harmful UV rays, excess heat, and light from entering your rooms.

### Vertical Awning

Roll up your window sills within seconds. Vertical awnings are the perfect choice as flexible screens can easily be retracted and rolled up into a roller. The best part? The awnings remain out of our sight.

### Drop Arm Awning

Protect the narrow areas with drop-down awnings. If you live in varied weather conditions, installing modern side arm/drop awnings is the perfect solution. They not just protect your space but also act up as a unique accessory.

## CANOPIES

Canopies are a great way to protect the windows and balconies of your homes from excessive rain, UV rays, and even bugs! Canopies are an excellent option to upgrade your windows. They come in beautiful shapes, designs and colors to choose from

### Basket Canopies

Basket canopy is a beautiful retractable canopy, and these are used as an add-on beauty to homes, offices, clubs, and hotels. They are made of top-notch quality aluminum extrusions. You can extend it according to your convenience.

### Fixed Canopies

These canopies are made of MS frame and fabric. It is covered from all the sides. A varied range of designs is available at Asha Industries. Flat shaped, dome-shaped, basket canopy, fixed canopy, you name it we have them all.

### Fixed Structures

They are made of MS structure and fabric, which is completely covered. We design the fixed structures according to the customer's preferences. We also provide you with installation services.

# TENSILE STRUCTURES

Tensile structure gives you a premium look. They are innovative tensile fabric structures and work great as a shelter solution. Tensile structure is considered to be the most promising representative of the architectural forms of the 21st century.

## Car Parking Tensile

The car parking tensile structure covers the complete area and provides protection from harsh sunlight that damages the vehicle. They are designed mostly to protect the vehicles in the parking. The shades are built sturdily using tensile fabric and can endure unfavorable climate conditions.

## Conical Tents

We design, supply, and install high-quality conical tensile tents for a luxury look. We have varied options to choose from classic tent structures and modular tensile tents to fully insulated. We offer versatile, standard, and customized front-end solutions tailored to our customers and projects' needs.

## Shade Sails

Shade sails provide shade and protection against UV rays in residential and commercial outdoor living spaces. The unique design adds an artistic flair and beautifies any surroundings.

## Tensile Umbrellas

We expertise in designing, producing and installing premium quality garden umbrellas, folding umbrellas, and cantilever umbrellas. We offer our product in various colours and specifications according to the client's requirement. Our products are incredibly durable, sustainable and are available in several designs.

# GAZEBOS & UMBRELLAS

Keep your spaces look aesthetic as well as protect them from excess sun with Gazebos and Umbrellas made with precision to beat all quality standards.

## Gazebo

Gazebos are mainly used for open or Terrace Garden and come in varied shapes like hexagonal or octagonal. We have gazebos available at great prices. Installing gazebos can add more style value to your open gardens.

## Side Pole Umbrella

We also have a good collection of side pole umbrellas with the latest designs, colours, and various sizes. We also deliver customised side pole umbrellas.

## Center Pole Umbrella

Are you looking for the perfect centre pole umbrellas? Then Asha Industries is the right stop for you. We have a varied range of centre poles available. We can provide customised center pole umbrellas according to your preferences.
